CMTI under the SAMARTH Udyog Bharat 4.0 Platform is setting up a Smart Manufacturing Demo & Development Cell (SMDDC) as a Common Engineering Facility Centre (CEFC) to propagate and support the process of adoption of Industry 4.0 and smart manufacturing practices by the rapidly growing Indian manufacturing industry. The SMDDC mainly focuses on technology development & dissemination, skill development & awareness programmes in domain of Industry 4.0 & Smart manufacturing.

The objective of this webinar is to help participants to understand Smart Manufacturing and smart machine properties. This webinar is targeted for people working in research labs, R & D institutes, MSME Industries, Private Industries and OEM’s related to metal cutting areas.

Webinar Speakers
Smart Machines and Machining Technologies
(Time & Date: 3:00 PM - 4:30 PM, 10-08-2020)

Speakers: CMTI Scientists having decades of domain expertise

Webinar Outcomes
- Overview of Smart Machines and Machining Technology
- Methodologies for intelligent machining
- Case Studies on Smart Machines and Machining Technologies
